After a one-hour conference this morning with Secretary of Health, Education and Welfare Marion B. Folsom at the President's farm here, President Eisenhower was at work there this afternoon on a new draft of his State of the Union message to Congress.

The President conferred this morning from 9:15 to 10:15 o'clock with Secretary Folsom who then went to the press room at the Hotel Gettysburg for a half hour news conference.

President and Mrs. Eisenhower attended morning services Sunday at the Presbyterian Church here where they heard the pastor, the Rev. Robert A. MacAskill, preach on "Beyond Christmas." They returned after church to their home where the President devoted the remainder of the day to work on his message to Congress and to a family gathering.

At the press conference this morning Press Secretary James C. Hagerty said final plans for the Eisenhower's return to Washington have not been made but that it is likely they may return to Washington late on January 2. The President has an appointment with the new Civil Rights Commission the next morning at 11 o'clock in Washington.

Mr. Hagerty, in answer to questions as the conference opened and before the questioning of Secretary Folsom began, said he knew nothing about stories in some morning papers describing the President as "irked" about "friction between the military services."

In answer to other questions he said the President is not giving any thought to "resigning." He added: "The President is still the President of the United States" and laughed at published reports that a "palace guard" is running the White House.

"It looks like the political speech season is opening early this year," he observed with a smile.

Mr. Hagerty said that when he left the farm this morning the President was dictating to his secretary on the glass-enclosed east porch and planned work this afternoon on a new draft of his State of the Union message.

Director of the Budget Brundage will confer with the President Tuesday.

# Will Instruct New Assessors

Two representatives of the State Tax Equalization Board will be speakers at a special "swearing-in" and instructional meeting to be held for the assessors of Adams County next Monday evening at 7:30 o'clock at the court house.

Wolf will outline new legislation pertaining to assessments and Judge W. C. Sheely will give the oath of office to the 36 assessors from throughout the county.

The Adams County Commissioners, in setting up the meeting, said the decision to hold the special instruction night was reached because 18 of the 36 assessors will be new men starting their duties for the first time. In addition a number of changes have been made in the laws pertaining to assessment, "and thus it will be valuable to every assessor, whether he has previously served as an assessor or not, to attend the session," Chief Assessor David Walker Woods Jr. said today.

# Transit Union Votes To Strike In New York City

NEW YORK (AP)—The Transport Workers Union has voted to strike the New York City transit system at midnight tomorrow if a wage agreement is not reached before the deadline.

At a meeting yesterday nearly 5,000 shouting members of Michael J. Quill's union unanimously voted to walk out.

Quill told the workers he is "not strike happy" but declared: "I promise you there will be no extension of the contract on any line."

The present contract runs out at midnight tomorrow.

In its negotiations with the city-Transit Authority the TWU has insisted on a 65-cent hourly increase in a one-year pact. Union negotiators have turned down a TA offer of 18 cents an hour over a two-year period.

Present subway wages range from \$1.78 an hour for porters to \$2.37 for power maintainers.

# Ike Gives OK Here Today To Four-Year, Billion Dollar Plan To Bolster Education In U.S.

The Associated Press

A billion dollar four-year program to bolster education was approved today by President Eisenhower. It contemplates 10,000 federal scholarships each year and 50-50 matching grants to states.

The plan was released after Secretary of Health, Education and Welfare Folsom conferred for an hour with the President.

Folsom said he had talked about the program to congressmen and felt it would receive a favorable reception when it goes to Congress for approval.

Folsom said the federal program would try to correct deficiencies in education "which if allowed to continue would seriously weaken our national security effort," and is an answer to Russia's continuing buildup in the science field.

But, in a news conference, Folsom made it clear that science and mathematics would not be stressed alone. He said the scholarship program aims to bring thousands more students into colleges.

The program calls for: appropriation of 225 million dollars in the first year with a four-year total of one billion dollars.

Of this sum, about 800 million dollars is estimated as part of the 50-50 matching grants-in-aid program for the states.

**Cites "Tragic Waste"**

It also calls for a substantial increase in the appropriation for the National Science Foundation which now has a budget of about 40 million dollars a year. Among other things, the foundation seeks to improve research, training and teaching in the sciences.

The amount to be asked for the foundation was not specified, but Folsom said that about 79 million dollars, which he described as more than half, would be for its science education activities.

**None For Construction**

The program submitted to the President, and receiving his endorsement, did not include past proposals for general federal aid for school construction.

Asked about that, Folsom replied that he preferred to confine his statements now to just what had been discussed with the President this morning and not get into the school construction area.

Eisenhower will mention the program in his State of the Union message, but will make a separate education message to Congress, White House press secretary James C. Hagerty said.

The program was geared only to a four-year period, Folsom explained, because it is hoped that by then the impetus in state and local areas would carry it along.

In a report to the President outlining the program, Folsom said it seeks to overcome what was termed a tragic waste of a most valuable resource—the talent of youngsters. It was designed to (Continued On Page 2)

**Charge Youth With Holdup At Littlestown**

Grady Alvin Hughes, 19, Westminster R. 3 Saturday at noon posted \$5,000 bond to appear for extradition hearings at a later date after a fugitive warrant had been filed against him at the request of Pennsylvania State Police.

The fugitive warrant is based on the robbery of the Worthy A. Crabbs service station at Littlestown December 3.

Hughes is on bond in connection with four charges against him.

**Faces Other Charges**

Last week Maryland state police brought charges against Hughes as the robber who held up the Yeiser-Kindig store at Union Mills about two weeks ago. Westminster police brought charges of disorderly conduct and carrying concealed and deadly weapons against him. He had previously posted bond on those charges.

Previous reports from Maryland that Hughes had admitted to Maryland police that he was the robber who entered the Worthy A. Crabbs service station at Littlestown were false, state police here said today. While Hughes would admit nothing, they said there appeared to be sufficient evidence to bring a charge that he entered the Crabbs service station on the evening of December 13 and at gunpoint took about \$35 from the cash register. The robber who entered the service station had bandages about his face, told Crabbs that he had been in an accident and when Crabbs went to make change for purchase the robber had made, pulled a pistol and ordered Crabbs to step away from the opened cash register. The bandaged robber then scooped the bills out of the \$5 and \$10 section of the cash register, ignoring both the \$1 bills in the register and his change.

**None Hurt In Two Saturday Crashes**

Saturday morning at 11:15 o'clock two cars collided three miles south of here on the Emmitsburg Rd., causing \$100 damage. No one was injured.

Police said Yates Catlin, 60, Washington, D. C., and John W. McFadden, 20, New York City, were going north when Catlin tried to pass a car ahead of him as McFadden was in the act of passing Catlin.

**Accident Victim Is Buried Sunday**

# DR. J. P. RHOADS IS FOUND DEAD THIS MORNING

Dr. John P. Rhoads, 55, former Gettysburg physician, decorated veteran of World War II and for the last 10 years a practicing physician at Tioga, Pa., was found dead in bed about 12:30 o'clock this afternoon at 222 Springs Ave., the home of his wife's mother, Mrs. E. C. Ott.

Dr. C. G. Crist, Adams County coroner, listed the cause of death as unknown and said he has ordered an autopsy. The time of death was placed at about 11 a.m.

Mrs. Rhoads and her mother had driven to Chambersburg this morning, leaving about 10:30 a.m. They found Dr. Rhoads' body upon their return at 12:30 p.m.

Dr. Rhoads was a native of Ashland, Pa. He came to Gettysburg to practice medicine about 1938. In August, 1942, he entered military service and served for 33 months in North Africa, Italy, France, Belgium and Germany. He returned to Gettysburg on terminal leave in November, 1945.

**Post Graduate Work**

After taking post graduate medical work in New York and Chicago he then resumed practice here in 1946. In the fall of 1947, Dr. and Mrs. Rhoads moved to Tioga, Pa., where they have resided since.

**Dedication, Recital At Zion Church**

On Sunday evening a congregation of 200 filled every seat in Zion United Church of Christ, Arendtsville, the Rev. Nevin Prantz, pastor, for the organ and voice recital as part of the dedication service for the new Muller pipe organ installed in the church.

The organ recital was presented by G. David Bushman, organist at Trinity United Church, Arendtsville. He gave three groups of numbers including selections by Bach, Schubert and Siffrid Kara-Ekert.

The vocal recital was given by the Rev. Dr. John B. Prantz, pastor of Trinity United Church of Christ, Pottstown, accompanied at the organ by Mr. Bushman. He sang "The Good Shepherd" by Van de Water; "The Stranger of Galilee" arranged by Mable Miller Smith; and "The Lord Is My Light" by Frances Allisen. He concluded by singing Mallotte's arrangement of "The Lord's Prayer."

The service was conducted by candlelight with the congregation participating in the singing of two hymns, "The Church's One Foundation" and "Fairest Lord Jesus."

The new organ was dedicated by the pastor and congregation at the 11 a.m. service when two hymns were presented by a choir of 25 voices, "Sing Alleluia Forth" by D. H. Williams and "Master Speak To Me," by Bergreen. The choir sang under the direction of Mrs. D. F. Siegal, director of music at Flob's Lutheran Church, who also presided at the organ for the service. She was assisted by Mrs. Dale McCauslin, the Zion organist.

Also dedicated at the morning service was a set of 21 Deagen chimes given in memory of 64 deceased members of the congregation and in honor of six individuals.

The offering at both services for the organ fund totaled \$1,965.36 with \$990.29 of that amount coming from the classes of the Church School and \$814.47 contributed through the organ fund envelopes by members of the congregation.

**During most of his military service, Dr. Rhoads was surgeon for the 451st AAA Battalion, an anti-aircraft unit. He had trained at Camp Stewart, Ga., until he went overseas in March, 1943. He won the Purple Heart medal at Anzio beachhead in Italy in March, 1944, and later received the Bronze Star. He had six battle stars on his African and European campaign ribbons.**

Dr. Rhoads' immediate survivor is his wife, the former Janet Ott of Gettysburg.

His father-in-law, E. C. Ott, died December 24 in the hospital here.

The Bender Funeral Home is in charge of arrangements. Plans are incomplete.

(Continued From Page 1)

foretell the alarming number of dropouts among top high school students who do not go on to college.

### Lose 200,000 Of Ablest

About 200,000 of the ablest students now stop their education below the college level, the report said.

The report stressed that the main support for education must come in the future, as in the past, from state, local and private sources.

As outlined by Folsom, the proposed 10,000 annual federal scholarships for college students would be awarded and administered by state scholarship commissions or boards.

### Hopes For Quick Action

The amount of individual scholarships would vary according to financial need. Folsom estimated the average would be between \$750-\$900.

It was anticipated this would mean some 40,000 students enrolled on federal scholarships at the end of the basic four-year period.

Folsom said he hoped the program might be adopted by Congress in time for the scholarships to get into operation by the next academic year.

The greater part of the administration's program, he noted, involved matched state funds. The only all-federal part would be the scholarship program.

### Plan For Testing

The grants-in-aid, on a 50-50 matching basis, would be to encourage establishment of a more systematic testing of the abilities and aptitudes of students and to support improved counseling and guidance of young students.

The grants would be made also to encourage the states and local school systems to provide more and better teaching of science and mathematics.

The funds could be used to help schools employ additional qualified science and mathematics teachers, provide laboratory and other equipment or to boost teacher pay.

### Plan For Teachers

State and local schools would have flexibility, as Folsom put it, in use of these funds according to their own needs and their own educational programs.

To meet the shortage of trained college and university teachers, the program calls for 1,000 graduate-level fellowships the first year and 1,500 a year for each of the next three years, to encourage more able college students to continue into graduate study and prepare for teaching careers.

The fellowships would be awarded on the basis of recommendations by colleges and universities.

### Attention To Languages

Graduate schools also would be given direct federal grants of up to \$125,000 a year to help them expand. In each case, the school would match the federal grant on a 50-50 basis.

The report also said there is a deficiency in the teaching of foreign languages so important in understanding today's world, and proposed financial help for training centers in languages.

It said these centers would stress languages which are critically important today, but which have traditionally received little or no attention in this country such as those of emerging nations in Asia, Africa and the Near East.

The centers, under the auspices of educational institutions, would train teachers, government personnel and others.

### To Help Meet Needs

Federal financial assistance also was proposed for summer institutes and other sessions at which teachers of foreign languages in schools and colleges could receive training in improved teaching methods.

"This is a program," the administration said, "to help meet the urgent demands of education as it affects our national security. It recognizes the rapid increase in importance of science and technology in modern life and the importance of these fields to national security."

In a speech Nov. 13 in Oklahoma City, Eisenhower stressed the importance of education in an age when survival may depend on continued technological advances. Since then there had been hints the administration program would not be confined to science and mathematics.

Kindness is an attribute . . . that all men should possess . . . for those who give some of themselves . . . will seldom know distress . . . each kindness makes the donor feel . . . a thrill gold cannot buy . . . the Lord will bless the ones who help . . . a troubled heart to try . . . but somehow as we go along . . . the rocky road of life . . . we seldom find a kindly hand . . . to quell the hurts of strife . . . most people seem to be engrossed . . . in problems of their own . . . and so the ones who weaken . . . must go the way alone . . . who, then possess the kindest hearts . . . of all humanity . . . I'll tell you in a line or two . . . I'm sure you will agree . . . ## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

**ONE HUNDRED YEARS AGO**

Complimentary: It gives us pleasure to announce, that, in addition to the compliment given to our excellent friend, Rev. Mr. Van Wyck, by constituting him a life member of the Young Men's Christian Association, on Christmas Day, presented to him eleven or twelve volumes of the new and most valuable Theological works lately published, costing nearly \$30 — besides a number of other articles of interest. He richly deserved the compliment.

**The New Courthouse:** The plans and specifications for the new courthouse are now in the hands of a competent artist in Philadelphia. As soon as completed, the commissioners will advertise for proposals, so as to have the work commenced as early in the spring as possible.

The following gentlemen were on Saturday week elected directors of the Farmers and Mechanics Savings Institution for the term of one year: — George Throne, John Brough, Samuel Burdow, William Culp, Andrew Heintzelman, John Thorne, David McCreary, Charles Horner, George Arnold, John Musselman, David McCaughy, John Mickey, John Horner.

Messrs. J. & C. Shorb have purchased the store property long occupied by Isaac Baugher, in Emmitsburg, for \$3,800.

The County Map, by M. S. Converse, is now ready for delivery. We have had the pleasure of examining it, and find that it comes fully up to what was promised and even more.

**SEVENTY-FIVE YEARS AGO**

George Myers, son of Col. Ephraim Myers, Littlestown, has received an appointment as U.S. Mail Agent on the railroad from Baltimore to Williamsport at \$100 per month.

George Frost, of near Myerstown, shot a deer that dressed 100 pounds, and James Mortorff, of near Idaville, one that weighed 75 pounds. John Schuff, of near Idaville, killed this season 47 rabbits, 41 opossums, 52 squirrels, 23 groundhogs and 15 raccoons.

A Ladies' Fair was held in the public school house, Bendersville, for the benefit of the Bendersville Cornet Band Friday evening.

The Mountjoy Lutheran Sunday School had enjoyable services on Christmas evening, the church being crowded. The exercises included the responsive services arranged by Revs. Mann and Young. Miss Alice K. Baugher, of this place, was present by special invitation, presiding at the organ. Numerous gifts were distributed, the pastor receiving a nickel-plated student lamp from Misses Lily A. Schriver, Rebecca C. Weikert, Maggie R. Furney and Uriah H. Keefeauver, also a purse for the purchase of a study chair.

Christmas Day in this place was bright and pleasant, except for pedestrians. The boys seem to have a good time, notwithstanding the muddy condition of the streets.

**Arendtsville Items:** The teachers of Menallen have organized a District Institute. The teachers of Franklin and Butler Twp. have in contemplation the organization of similar institutes. This is one of the good results of the County Institute.

The shoemaker shop of Frank Orner caught fire on Friday week, late at night, but was discovered by Mrs. Orner before the fire had made much headway.

A beautiful rainbow was visible here immediately after the snow, storm of Wednesday week.

R. A. Little, teacher of Pine Grove School in Butler Twp., was presented on Friday by his pupils with a large call-bell and handsome bronze inkstand.

Thomas R. Mathews, of Butler Twp., last Thursday shot a wild turkey on Bell's hill which weighed 13½ pounds.

**PHILADELPHIA (AP)** — After 99 years the trolley is gone from Philadelphia's Market Street. Buses are being substituted and will travel on streets a block away.

## Today's Talk

**PEOPLE**

People are the most interesting of all God's creations. No matter where we go on this miraculous earth we find people, all of them endowed with a purpose to live out their lives as best and happily as they can. Of course the happier they are in this doing, the more useful they become.

We in this western world believe in freedom and a democratic way of life. We don't want anyone to dictate to us how we shall handle this freedom. It's ours by way of choice. It can't be perfect, for people have varying ideas and we live under a system of laws that the people have made.

In the early days of our American independence much was discussed as to what form of government we were to have. After one long discussion had ended a woman stopped Benjamin Franklin and asked: "Oh, Mr. Franklin, what are we to have, a monarchy or a republic?" "A republic," replied Franklin, "if you can keep it!"

It's the people in a republic however, who determine the kind of a republic they wish. But the fewer its laws, the better that republic is bound to be. The United States has grown to greatness under the form of a republic. A republic can be no better nor worse than the people who decide what they want. People, in the last analysis, make the decisions. People take pride in a form of government that aims for justice and the happiness of its humblest citizen.

Tomorrow Mr. Adams will talk on the subject: "Love That Job". Protected, 1957, by The George Matthews Adams Service.

## BECK FOREMAN IS ACCUSED OF PRE-JUDGING

**SEATTLE (AP)** — Attorneys for Dave Beck, president of the huge Teamsters Union, have submitted an affidavit in court which accuses the foreman of the jury which convicted Beck on a grand larceny charge of saying before the trial "they ought to throw the book" at Beck.

The foreman denies making the statement.

The affidavit was sworn to by Robert Paulson of nearby Edmonds, who said in his signed statement that Charles Hickling, a Bellevue hydroplane driver and boatbuilder, made the statement in October.

**GUILTY ON DEC. 14**

Beck went on trial Dec. 2 on charges he misappropriated \$1,900 from the sale of a union-owned automobile. He was found guilty Dec. 14 and his attorney Charles Burdell gave immediate notice he would seek a new trial.

In his affidavit, Paulson said Hickling's alleged statement was made during a conversation they had while they were neighbors at Edmonds and while both were working at an Everett aircraft plant.

Paulson, in the affidavit, said many times he and Hickling had discussed current events, among which Paulson said included the Senate investigation of the Teamsters Union, Beck and local Teamster publicity.

### Denies Statement

During a conversation with Hickling on or about Oct. 15 of this year, Paulson's statement said, Hickling said during a discussion of the Teamsters Union and Beck that "they ought to throw the book at him (Beck)."

Hickling immediately issued a statement denying the allegation contained in Paulson's affidavit. He filed an affidavit himself with King County Prosecutor Charles O. Carroll denying the allegation. Burdell, in an affidavit sworn to by himself and submitted to Superior Judge George H. Revelle, who is hearing the motion for a new trial, outlined the manner in which Paulson's affidavit was obtained.

Burdell said he was informed of the Oct. 15 discussion between Paulson and Hickling by Don Ellis of Edmonds, whom Burdell described as a neighbor of Paulson's and "an employee or official of some branch of the Teamsters Union."

## Criticize McBride For Libel Action

**HARRISBURG (AP)** — Two high-ranking Republicans were backing Aud. Gen. Charles C. Smith today in his running quarrel with Atty. Gen. Thomas D. McBride over State Highway Department cinders purchases.

Republican State Chairman George I. Bloom and Sen. M. Harvey Taylor, president pro tempore of the Senate, criticized in weekend statements a \$15,000 libel suit that McBride, a Democrat, has filed against Smith, a Republican.

Bloom called the suit "a shopworn political trick." Taylor turned it "a new low."

Both GOP leaders said the suit served to belud the issue.

## Suspected Slayer Dies In Burning Crash Of Stolen Car

**WRENS, Ga. (AP)** — One of two gunmen wanted in the slaying of two men in Washington, D. C., was killed last night in the flaming crash of a stolen car being chased by police at speeds of up to 110 m.p.h.

The state patrol said Henry Clay Overton, 44, of Martinsville, Va., died when the car he was driving swerved and smashed head-on into another auto. The crash occurred on U. S. Highway 1 about four miles north of this east-central Georgia town.

The driver of the other car, listed as Charlie Wray of Cocoa, Fla., and High Point, N. C., also was killed.

The patrol said a massive hurt was in progress for Overton's companion, Russell Wayne Carpenter, 21, of Washington.

Troopers armed with submachineguns and tear gas searched a nearby tourist court for Carpenter after occupants of one of the cabins reported hearing someone break into another unit.

## 19 Below Zero Reported At International Falls

**By THE ASSOCIATED PRESS**

The winter season's coldest weather held a firm grip on northern Midwest areas today as a slow-moving mass of Arctic air headed into the Mid-continent.

Midwinter temperatures were reported in sections of Minnesota, Wisconsin and the Dakotas. But the full effect of the cold snap was not felt in all other North Central States.

The icy air has been in south central Canada for more than 36 hours and has moved slowly southward. Temperatures near the Minnesota and Dakota border were from 10 to 22 degrees below zero.

**19 Below Zero**

The nation's coldest spot this morning was International Falls, Minn., on the Canadian border, with a teeth-chattering 19 below zero. Heavy snow fell in some Midwest areas.

Some of the cold air seeped into Iowa, extreme northern Missouri and southeastern Nebraska and temperatures were 10 to 20 degrees lower than 24 hours earlier. The 13 above reading at Des Moines compared with 34 yesterday morning.

## Cold Wave Spreads

The icy air was expected to spread across the Central Plains, most of the mid-Mississippi Valley and the Great Lakes region. Not much relief from the cold was in prospect in the Dakotas and in the Upper Mississippi Valley.

It also was colder along the Atlantic seaboard with temperatures generally 6 to 15 degrees lower than yesterday morning. Clear skies accompanied the cool weather. Skies also were clear throughout the Gulf states and Texas.

## Heavy Snow In Michigan

Considerable cloudiness was reported from the Rockies to the Pacific Coast. Snow flurries fell in the central Rockies and in the northern and central Plateau region. The rainy weather of the past week was expected to continue.

## Absent Russians Blame Weather

**PHILADELPHIA (AP)** — Two Russian economists failed to attend an American convention where they were scheduled to make speeches—but they blamed the weather.

The two Russians, T. S. Khachaturov of the Academy of Sciences of the USSR, and Prof. V. J. Abolitin of Moscow, cabled Morris Copeland, president of the American Economic Assn., yesterday their arrival in the United States was cancelled by "bad weather."

"Hoping to establish scientific contact in future," the cablegram said.

## Pedestrian Hit By Beer Bottle

**FRANKLIN, N.C. (AP)** — Weaver Winkle, 30, of Franklin, was walking along a highway near here with two friends when he suddenly slumped to the ground unconscious.

He awoke in a hospital. He had a broken shoulder. Winkle's companions said he was struck by an empty beer bottle tossed from a passing automobile.

## What She Wants

For the Meriwether pledge runs something like this: "Although I love to swim, I will not appear in a bathing suit. Although I love to work, I will not pose for any 'cheesecake' pictures. Although I'm aware of the advantages of publicity, I think there are real disadvantages to 'publicity' that in any way tries to be 'sensational.'"

Miss Meriwether, who is studying acting with Lee Strasberg, cannot understand why so many people in show business fail to realize that the Miss America contests these years involve girls with talent as well as pulchritude.

"I want to be a good actress," she says, "and I can't be one. I don't want to be an actress at all."

## Detroit Lions Hand Browns Worst Defeat In Title Game

By DAVE DILES

DETROIT (AP)—Their old coach called them "dead," their victims called them "lucky" and their new coach calls them "the fighting bunch of guys I've ever seen."

But whatever you call them, today the Detroit Lions are the world champions of professional football. They proved it yesterday by dealing the Cleveland Browns the worst defeat in the team's history, 59-14, in the world title game at Briggs Stadium.

The startling triumph, achieved before 55,263 and a nationwide television audience, provided a dramatic climax to the daffiest campaign in National Football League history.

### Rate Offensive Giant

A grizzled band of old pro diehards and a couple of rookies combined to produce this city's fourth world championship football team. This is the third time the Lions have grabbed off the big prize by beating their bitter rivals from Ohio.

Under the flawless guidance of quarterback Tobin Rote the Lions moved with authority and command from the start, scoring 17 points in the opening period and following with 14 points in each of the last three quarters. Rote, who never before played with a title-winning team in eight seasons of pro ball, was an offensive giant for the Lions.

The bronzed, drawing Texan who took over as solo quarterback four weeks ago when Bobby Layne was sidelined with a fractured ankle, threw four touchdown passes and scored another.

### New Play Off Mark

Handyman Jim Martin, the old Notre Dame veteran the Lions almost released last summer, got the club off to a rousing start. He kicked a 31-yard field goal in the first period and before the scrap was over added eight extra points.

The Browns, division champs seven times in eight seasons and world titlists three times, never really got started.

George Wilson, the nice guy who became head Detroit coach when Buddy Parker quit and turned out a title team in his first try, could barely make himself heard amid the wild demonstrations in the dressing room. He called it "a team victory if there ever was one" and credited the team's undying spirit with producing the rags-to-riches saga that turned the city upside down.

Gross receipts totaled \$593,967.50, a new playoff game mark. Each of the winning Lions got \$4,295.41, another high.

## BIG NAMES ARE LITTLE HELP IN BOWL CONTESTS

By ARNOLD ZEITLIN

The Associated Press

Judging by Saturday's post-season football game results, high-powered stars will mean little to bowl contestants Wednesday.

The teams with the big names took it on the chin in the East-West Shrine Game and the Gator Bowl last weekend.

The East with four All-Americans was dropped 27-13. Gerald Nesbitt, an unheralded fullback from Arkansas, scored three touchdowns for the underdog West at San Francisco.

### Gray Beats Blue

Tennessee, a 6-point underdog, overcame Texas A&M 3-0 in the Gator Bowl at Jacksonville, Fla. The Vols boxed in halfback John Crow, the Aggies' All-America and Heisman Trophy winner. Crow gained 46 yards in 14 carries.

The Blue-Gray game at Montgomery, Ala., was neatly on form. Ken Ford of Hardin Simmons threw 12 completions in 23 tries for a touchdown and 185 yards as the Gray bested the Blue 21-20.

The South was favored by a point to win their 18th in a 19-game series.

The three games opened the climax to 1957 football which ends Wednesday with seven bowl games.

Navy Slim Favorite

Elsewhere on the major bowl front, Tony Stremic, Navy's outstanding guard, apparently was out of the Cotton Bowl at Dallas. Injuries from Saturday's practice prevented him from putting full weight on his right foot.

Navy is a one-point favorite over Rice.

The Oklahoma Orange Bowlers lost the services of tackle Jerry Thompson who injured an ankle. Coach Bud Wilkinson said he'll know after practice today if Thompson and quarterback Carl Dodd will be in shape to play. Oklahoma is a 10-point favorite over Duke.

The other bowl line-ups, Mississippi remained a three-point favorite over Texas in the Sugar Bowl at New Orleans and Ohio State still was 19 points over Oregon in the Rose Bowl at Pasadena, Calif.

Jockey Willie Hartack won the United Nations turf race at Atlantic City in 1954 with Closed Door and in 1956 with Blue Choir.

## Bowling

The Aces lost their first games in the Black Walnut Boy Scout District Explorer Bowling League Sunday afternoon at the Albert J. Lentz American Legion post alleys, Baltimore Md.

The Lucky Strikers defeated the Aces 3 to 1 in the afternoon's bowling thus handing the upper Adams Explorers their first losses in the first round of play and putting the Lucky Strikers and the Aces into a tie for first place.

In the other games the Screwbailers won 4 to 0 over the misfits and Anonymous forfeited four games to the Zorros. Ted Orner had the high single game, 142, and the high average, 124; Bill Swope tied for the high single game with 142 and had the high three game score, 412. Robert Zhea had the second high average, 115.

## REDS DEFEAT BEARS TWICE

By THE ASSOCIATED PRESS

The third-place Providence Reds are barely over the 500 mark today but they have accomplished something no other team in the American Hockey League has been able to do all year. They have skinned the first place Hershey Bears twice on successive nights.

After shading the Bears 2-1 Saturday night, the Reds made it two in a row last night with a 4-2 triumph over the league leaders.

A rookie, Bill Sweeney, provided the winning margin last night, scoring the first and last goals. Actually, it was Paul LaRivee who put the Reds ahead, 3-2, scoring early in the final period.

Despite the two triumphs, Providence remained in third place, four points behind Cleveland, which split a pair of weekend games. After beating Rochester 4-1 Saturday, the Barons, who trail Hershey by nine points, lost last night to Buffalo 4-1. Norm Corcoran led the Bisons to victory, scoring two goals and assisting on another.

Rochester atoned for a Saturday night defeat with a 2-1 overtime victory over Springfield. Mike Nykoluk's goal at 7:25 of the extra 10-minute period decided the game. Springfield squeaked out a 4-3 verdict over Buffalo Saturday.

## CROWN CHAMPS TONIGHT IN FOUR TOP TOURNEYS

By ED CORRIGAN

The Associated Press

Champions will be crowned in four major tournaments tonight with the Big Eight in Kansas City matching Kansas and Kansas State—both unbeaten and both potential national champions.

In the others, California takes on Temple in the Holiday Festival windup in New York. Maryland meets Memphis State in the finale of the Sugar Bowl Tournament in New Orleans and Iowa plays Syracuse for the title of the Queen City event in Buffalo, N. Y.

This week will mark the wind-up of the heavy holiday tournament schedule and the teams will get down to the serious business of their conference races which for the winners will mean invitations to the NCAA tournament leading to the national championship next March.

### Big Eight Favorites

Both Kansas and Kansas State are unbeaten, each having won nine games. They are co-favorites for the Big Eight title. And they were ranked Nos. 2 and 3, respectively, in last week's Associated Press poll of the top basketball teams in the country.

Possibly because of the fabulous Wilt (The Stilt) Chamberlain, Kansas will rate a slight choice in the final.

Temple, which could emerge as the class of the Eastern sector, is a 5-point choice over California.

### Other Contenders

Maryland, rated No. 6 in the nation, is expected to roll past Memphis State, while Iowa is favored over Syracuse.

In addition to the tournaments, two more clubs who are casting covetous eyes at the national crown—Michigan State and Cincinnati—see action tonight. State, which appears to be the class of the Big Ten, visits Washington while Cincinnati engages Bradley. Both State and Cincinnati are undefeated.

West Virginia, which climbed clear to the top of the rating on its victory over North Carolina more than a week ago, gets back into action against Canisius Thursday. The Mountaineers have been resting since the NC game.

### Two Tournaments Open

Two tournaments get under way today tonight and one more Wednesday and that wraps up the holiday tournament business. The Gator Bowl, pairing Georgia vs. South Carolina and Florida vs. Clemson, and the All American at Owensboro, Ky., sending Washington and Lee against Ohio U. and Kentucky Wesleyan against Southern Illinois start tonight.

Then, on Wednesday, Georgia, The Citadel, Florida State and Spring Hill begin operations in the two-day Senior Bowl Tournament at Mobile, Ala.

While North Carolina tumbled all the way to fourth place in the ratings after West Virginia snapped its 37-game winning streak, the Tar Heels certainly will be in the midst of the fight for championship honors.

### Other Big Windups

They started the long road back last Saturday—and in the process showed they weren't going to let one defeat get them down to—by winning the Dixie Classic final from North Carolina State, 39-30. San Francisco and Mississippi State also won major tournaments Saturday night. The Dons, No. 7 in the country whipped Oklahoma City, 60-45, in the final of the All-College affair in Oklahoma City and Mississippi State, No. 10, won its own invitational by turning back Morehead, 46-41.

In other big windups Saturday, Holy Cross vanquished Dartmouth, 77-72, in the Holy Cross Invitational; Texas Christian won the pre-season Southwest Conference event, edging Rice, 57-55; Georgia Tech humbled Detroit, 70-66, in the Motor City finish, and Oregon State captured the Far West Classic by halting Utah, 65-63.

### PITT CAPTURES MAT TOURNNEY

WILKES-BARRE, Pa. (AP)—Cornell walked off with the Lion's share of individual honors but Pitt's all around balance gave the Pennsylvanians the team title in the 36th Wilkes College Open Wrestling Tournament that ended Saturday night.

Pitt with 80 points had a two-point team margin over Cornell, which produced four individual champions. The 2nd Army team, led by coach Larry Fornicola, was third with 44 points.

Fornicola, former Penn State star, won two matches in winning the 147-pound title. In a semi-final match he defeated Joe Yeats, F. & M., 4-3. His title winning effort was an 8-6 win over Jerry Huffman of Rochester (NY) Tech.

Pitt's 167-pound champion, Larry Johnson, edged Fornicola for the tourney's outstanding wrestler award.

The other winners were: Dick Wilson, Toledo, 115 pounds; Dick Auble, Cornell, 123; Carmen Molino, Cornell, 130; Vic DeFelice, Pitt, 137; Dick Vincent, Cornell, 157; Vince Kelly, Baltimore YMCA, 177; Dave Dunlap, Cornell, 191, and Ron Flemming, unattached (Franklin and Marshall), unlimited.

## Syracuse Nationals Win 7 In Row At Home

By THE ASSOCIATED PRESS

There isn't much talk of a franchise shift among fans of the Syracuse Nationals in the National Basketball Assn., in an age when such talk is commonplace in most sports.

The reason: the Nats are deadly on their home floor, as they proved last night in winning their seventh in a row at home, this time over the Philadelphia Warriors, 105-97.

The Minneapolis Lakers defeated the Cincinnati Royals, 111-103 in the only other scheduled game.

### DELONE LOSES; WEST YORK FIVE COPS TOURNEY

Playing before a capacity crowd of 1,100 fans, West York High School displayed the kind of basketball that has been making it one of the top small high school basketball outfits in the area as it squeezed out a 46-44 win over the Fighting Irish of York Catholic to win the Spring Grove Invitational Basketball Tournament at Spring Grove High School, Saturday night.

West York, which has now compiled eight straight wins in as many starts and thus far have defeated the York Catholic squad three times this season.

In the consolation game, the Spring Grove Royals belted back in the waning minutes of the game to defeat Delone Catholic of McSherrytown 48-41 to take third place in the tournament while Delone was forced to settle for last position.

Gary Cable and Eddie King were the two men responsible for the Westsiders' win over the Irishmen as Cable topped in 16 points and King set up plays and assisted on a number of fast breaks. It was King who stole the ball in the last couple of seconds and then passed down court for the lay-up that gave West York the thrilling win.

### Most Valuable Player

Because of his all-around versatility, Ed King, 5-10 West York guard,

## IRBM INCLUDED BY USAF IN ITS NEW STRATEGY

WASHINGTON (AP) — The Air Force's constantly revised strategic plans now include detailed arrangements on how and where intermediate range ballistic missiles would be used in event of war.

The operational plans for both long-range, air-breathing guided missiles and intermediate range ballistic missiles are understood to have been completed and incorporated in the over-all wartime plans of the USAF about six months ago.

This was done even though the IRBM weapons may not become a part of the available arsenal for another year.

**Three Basic Blueprints**  
The Air Force maintains three basic strategic blueprints which cover periods ranging from the next 6 days to as much as 13 years. They are the short-range "wartime capabilities plan"; the "mid-range wartime" plan containing D-day data up to four years in the future; and the "long-range wartime objectives plan."

**Expect Deliveries**  
The air-breathing Snark guided missile, with a range of 5,000 miles, is now considered operational by the Air Force and units and launching sites are being organized. While the Snark has the range of the still-developmental intercontinental ballistic missile, its speed is below that of sound and its operating altitude down in the earth's atmosphere.

The Air Force expects the first deliveries of the Thor IRBM—with a maximum accurate range of 1,500 miles—to be made late in 1958. But as part of the forward planning, details for the operational use and command structure of IRBM squadrons have been put into the war plans folio.

Because the Air Force believes that it may be many years, if at all, before the missile entirely displaces the manned bomber, strategy now is constructed around the coordinated use of both types of weapons.

Some Air Force planners have suggested that instead of a single massive, simultaneous blow against all targets on the list, a series of powerful attacks would be spread out over the first several hours of a war.

## DRAFT DUTCH IN INDONESIA

JAKARTA, Indonesia (AP) — The government was empowered today to conscript Dutch technicians to remain in Indonesia to help keep the nation's troubled economic system working.

The Dutch began leaving after Indonesia took control of more than a billion dollars worth of Dutch businesses in reprisal for the Netherlands' refusal to surrender West New Guinea.

A government spokesman said the order was a protective measure for use only in a crisis.

In another effort to restore order in the sprawling archipelago, Premier Djuanda said his government is making energetic efforts to bring about another meeting between President Sukarno and former Vice President Mohammad Hatta before Sukarno leaves on a rest trip.

Sukarno and Hatta, who led the islands' revolt against Dutch rule, fell out over Sukarno's determination to give the Communists a strong role in the government.

## SOME CHANGES IN TAX PICTURE IN PA. FOR '58

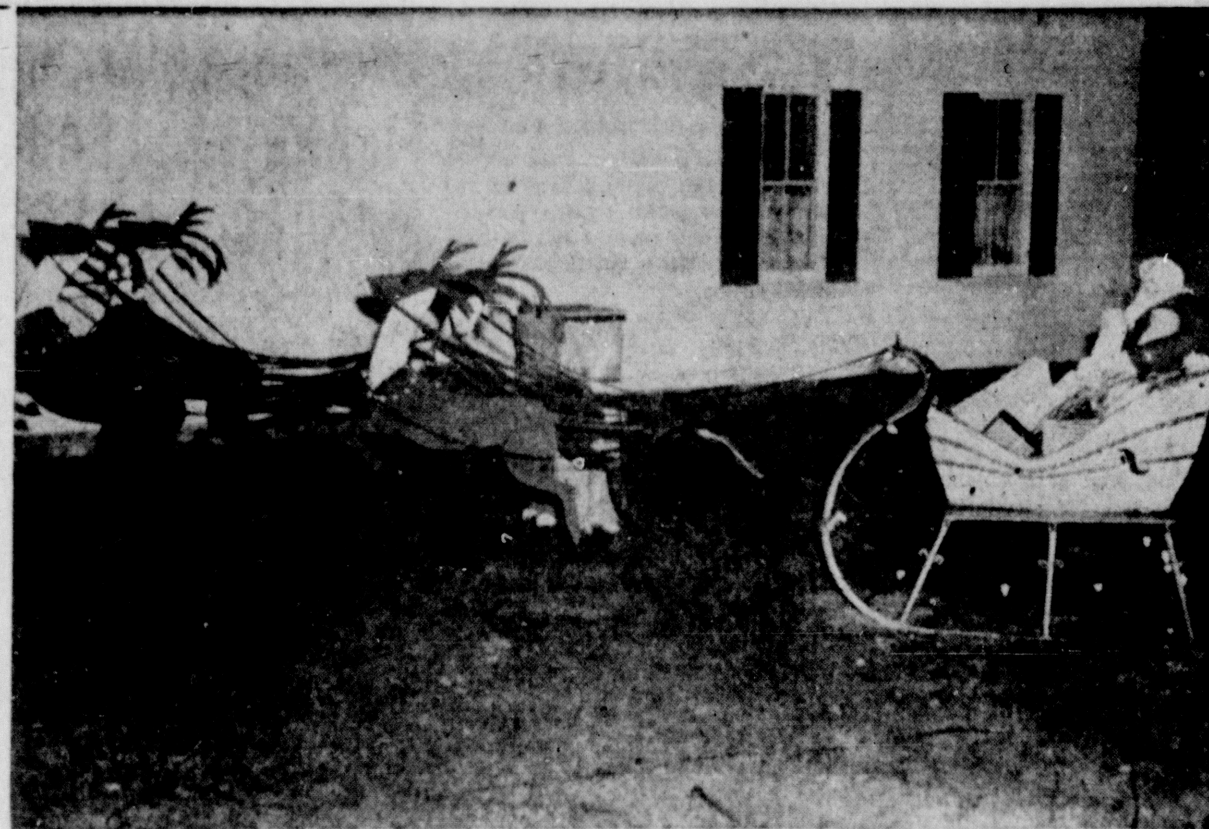

HARRISBURG (AP) — Manufacturers in Pennsylvania will get a \$2-million - dollar biennial tax break by an exemption from the 5-mill capital stock tax renewed for them starting Jan. 1.

But it will be offset in a large part by a 40-million-dollar boost in employer payroll taxes to build up the size of the unemployment compensation fund. That boost also effective Jan. 1, will remain in effect for all of 1958.

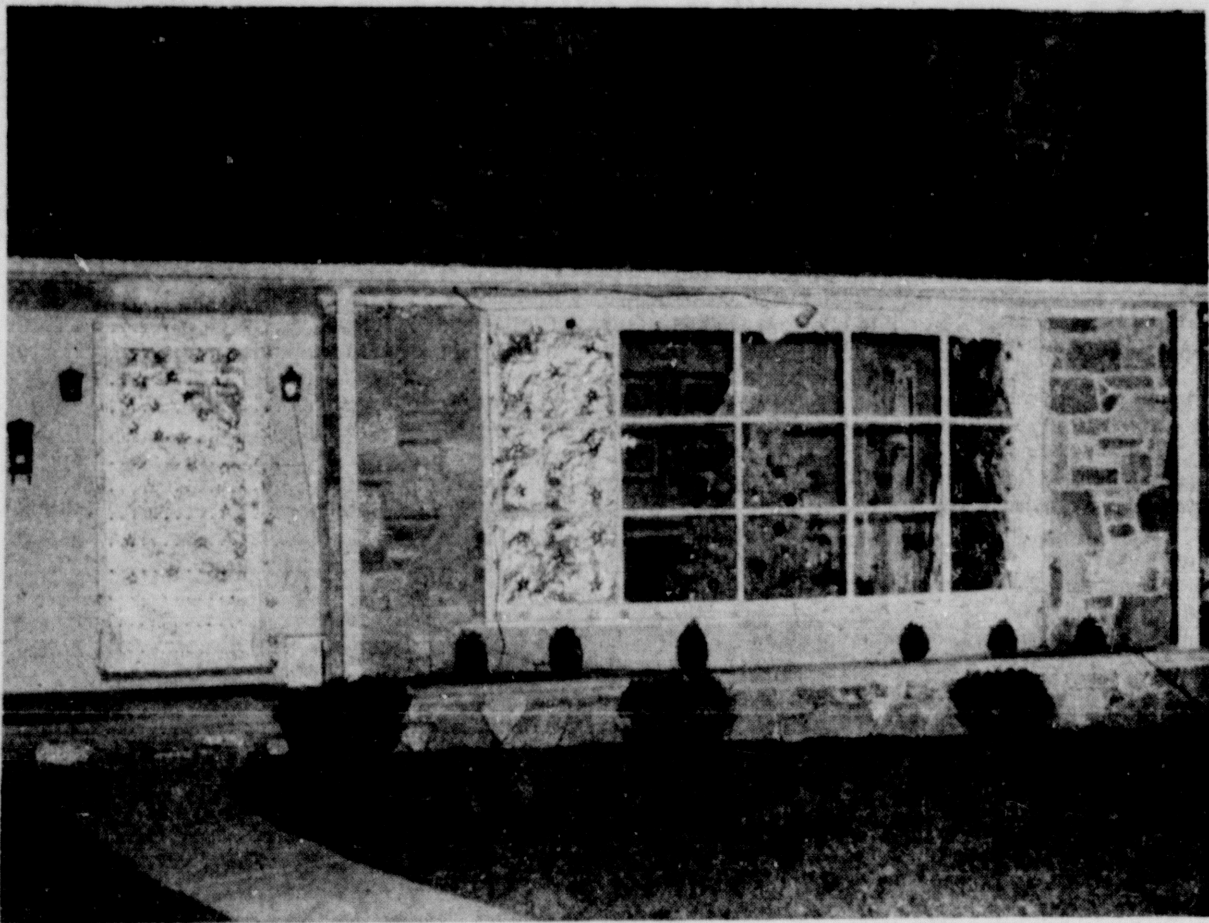

Two other important changes in the state's tax picture that become operative the first of the year call for:

1. Increasing the financial responsibility for motorists involved in accidents under penalty of suspension of driving privileges.
2. Requiring all counties, except the eight largest, to place in effect a uniform system of real estate assessments.

**Advertising Tax**  
The exemption of Pennsylvania manufacturers from the capital stock levy was enacted by the 1955 legislature with the Jan. 1, 1958, effective date set up to keep

down the impact on the commonwealth's tax structure.

The Leader administration is advertising tax reduction as an incentive for new business to locate in Pennsylvania.

The unemployment compensation fund fell under the key figure of 350 million dollars on Dec. 24, automatically forcing the boost in employer payroll taxes. The average rate will go up from 1.6 per cent to 2.7 per cent.

If the fund climbs higher than 350 millions and stay there by next Dec. 31, an automatic cut in payroll taxes will take effect for 1959.

## "SACRED COWS" MAKE IT TOUGH FOR COMEDIANS

By BOB THOMAS  
HOLLYWOOD (AP) — Is America losing its sense of humor?

Perhaps we can laugh just as easily as before, but we are getting less and less opportunity. The decline of comedy in TV, movies and radio has been cited by many observers. In Atlantic Monthly, Steve Allen attributes this to such causes as the force-feeding of comedy on a mass scale, lack of training grounds for new comics and unsettled conditions in the world.

George S. Kaufman has also complained that funnymen have fewer things to kid these days; there are too many sacred cows. Stan Freberg, the brilliant young satirist, can attest to this in the radio and record field.

**Acclaim, No Sponsors**  
Freberg is a curly-haired fellow with a devilish sense of humor though he has the face of a hick — "I'm from Pasadena, and I wear it like a badge," he says defiantly. His take off on Dragnet, "St. George and the Dragonet," sold over 1½ million records, an amazing number for a nonmusical, comedy disc.

Since then he has satirized rock 'n' roll singers, Johnny Ray, Tex. ans, Harry Belafonte and other phenomena, his latest hit being a takeoff of Lawrence Welk called "Wunnerful, Wunnerful." Stan also lasted 15 weeks on network radio with a show that won critical acclaim but no sponsors. He shows scars from trying to be funny in both radio and records.

"The subjects you can satirize are getting narrower and narrower," he sighed. "I had records about Ed Sullivan, Arthur Godfrey and Ralph Edwards ready to go, but I couldn't get approval for them."

"Capitol Records is too concerned that the subjects will sue unless we get permission from them. The lawyers argue that a single takeoff on TV might not bring action, but the repetition of a record might be cause for damages. I can't convince them otherwise."

**Being Funny Serious Work**  
"Sullivan said the record was very funny, but wouldn't give his go-ahead. I sent the record to Godfrey and it was rejected, though I don't know if Godfrey himself ever heard it. Edwards was very nice about it. He said he'd never be able to do this in Your Life with a straight face if he allowed the record to come out."

Tired of such goings-on, Freberg sneaked the Welk record out without the bandleader's approval or the Capitol legal department's permission.

Fortunately for those who appreciate laughter, Freberg is not giving up. He has formed Freberg, Limited ("but not very much") and is cooking up a TV show for one of the networks. He also is producing some spot commercials which are hilarious.

He is determined to continue, though he readily admits that being funny these days is serious work.

## Prices About Same For New Year's Eve Celebrations

By THE ASSOCIATED PRESS  
That extraordinary evening with its strange mixture of gaiety, sentiment, nostalgia, silliness, contemplation, noise, bedlam and reverence is at hand again.

Tomorrow is New Year's Eve.

As 1957 bowed toward the exits, there were plans for the usual variety of year-end celebrations—ranging from frolic and braying horns to sober reflection and prayer.

**Prices About Same**  
Prices in the nation's night clubs, taverns and other points of celebration were about the same as last year, averaging around \$15 a person in most cities for dinner, dancing, paper hats and noise makers, with drinks extra. But you could pay a lot more—or a little less—according to the spot.

At the same time, religious leaders set down messages of hope and pleas for justice and dedication to God in the year ahead. Thousands of churches planned "Watch Night" services with music and devotions.

The Moravian Church will hold its 193rd annual "Memorabilia" services shortly before midnight at Winston-Salem, N.C.

**Services, Parades, Etc.**

The custom, in which the year's events are recounted, originated in colonial Salem when Moravians depended on the pastor to keep them informed of happenings in community, state, nation and world in the outgoing year. Bishop J. Kenneth Pfohl will present 1957's memorabilia.

In New York City's St. Patrick's Cathedral, there will be a special New Year's Eve Mass, with emphasis on peace and brotherhood among peoples of North, South and Central America.

In other places there will be parades, concerts and ceremonies, but for some it will be a normal, quiet evening at home.

**Eisenhowers Here**

President and Mrs. Eisenhower plan to stay on at their Gettysburg farm through the holiday.

In Washington, there's to be an Air Force band concert in the President's Park south of the White House in the afternoon, followed by choir singing and evening vespers conducted by Eastern Orthodox clergy.

In Philadelphia, the annual Mummers' Parade will be staged on New Year's Day and in Colorado Springs, the Adamant (Add-

a-man) Club, which takes on one new member a year from among those who join in an annual climb up 14,100-foot Pike's Peak, will mark its 32nd annual mountain trek.

## OPPOSES SMALL BUSINESS UNIT

DALLAS (AP) — Rep. Wright Patman (D-Tex.) said today he will introduce a bill to abolish the Small Business Administration because it is giving "nothing but lip service" to the problems of the small businessman.

The veteran Congressman was here for a two-day investigation of a recent milk price war among Dallas dairies.

"Situations like the Dallas milk war have been brought on by the administration which more and more favors big business against little business," Patman said. "There is a pattern of this sort of thing all over the country."

Patman, chairman of the House Committee on the problems of small business, said such situations were "hurting consumers and business — particularly little business. A little business is getting nothing but lip service from Washington."

He said he would begin drafting the necessary legislation when he returns to Washington this week and would seek to have the SBA replaced by "an agency that is interested in little business' problems."

He also said he will advocate establishment of small business capital banks in each of the nation's Federal Reserve Districts to make no interest loans to small business.

## SINGERS WED

LAS VEGAS, Nev. (AP) — Singers Eydie Gorme and Steve Lawrence are going to make it a duet. They were married yesterday in Las Vegas where Miss Gorme is appearing in a night club.

The 22-year-old singers, both recording, television and night club stars, met four years ago when they sang on Steve Allen's "Tonight" show on television.

Roosevelt Brown, at 265 pounds, is the heaviest player with the New York Giants, defending champions in the National Football League.

## POST-SPUTNIK BUDGET FOR U. S. MAY BE UP TO 74 BILLIONS

**By FRED S. HOFFMAN**

**WASHINGTON** (AP) — The Eisenhower administration's first post-Sputnik budget may total nearly 74 billion dollars—a new peace-time record.

And Congress, alarmed by recent signs of Russian strides in missiles, satellites and space science, is expected to give a friendly reception to at least the military part of the budget request for the fiscal year starting next June 30.

Defense items probably will account for about 40 billion dollars of the new budget total, an increase of more than a billion dollars over the current spending rate.

**Civilian Cuts Seen**  
 Whatever budget cutting Congress may undertake may be aimed at requests for civilian programs. Present indications are that these requests may be held at previous levels, but not reduced appreciably.

President Eisenhower will send Congress his fiscal 1959 budget early next month. Congress reconvenes a week from tomorrow.

An official who has been in on final budget preparations said yesterday that over-all government spending next year "apparently will be somewhere between 73 and 74 billion dollars, but closer to the high figure."

**Billion For Missiles**  
 The current year's total has been running at the rate of about 72 billion dollars, but Secretary of Defense McElroy said recently he will ask for about one billion dollars more to push ahead more quickly in fiscal 1958 with missiles and other top priority military work.

The official who discussed spending plans said the administration hopes its fiscal 1959 budget will be in balance and he indicated an effort will be made to compensate somewhat for stepped-up missile outlays by reducing some other military programs.

Although Eisenhower has said some civilian programs may have to be eliminated to help offset greater defense spending, this official indicated the emphasis may be on holding the line.

On the civilian side of the budget, he said, "the main idea will be to prevent any increase."

**WORKERS ASK UNION CHANGE**

**HERSHEY, Pa.** (AP) — A large faction of Hershey Chocolate Corp. workers was reported today to have voted to withdraw from the International Hershey Bakery and Confectionery Workers Union.

John O. Shearer, business agent of the Hershey local, said the vote, taken Saturday, was 829 to 1. By an identical margin, he said, the group voted to apply for membership in the newly formed American Bakery and Confectionery Workers (AFL-CIO).

Shearer said the vote was indicative of sentiment throughout the local, whose 2,400 members make it one of the biggest in the international union.

It was pointed out, however, that the vote was not called by the National Labor Relations Board. To be binding, it was indicated, a further election for bargaining agent would have to be held under board auspices.

The international union was expelled from the merged labor federation earlier this month after its president, James G. Cross, refused to resign. The AFL-CIO executive committee had demanded that Cross resign to show that the union was intent upon cleaning up "corruption."

**Unitarians Use Roofless Church**

**PRINCETON, N.J.** (AP) — A group of 120 Unitarians worshipped God under an open sky yesterday. Their church doesn't have a roof yet.

The Rev. Straughan Getter conducted services in the \$100,000 church on the outskirts of town. It was the first service in the church which is about one third finished, and no further services were slated for the time being.

**Lots Of Pressures For 1st Space Man**

**LOS ANGELES** (AP) — The first man to enter outer space and return will first have to satisfy scientists he can "fight off publicity barages, a swelled head and the Ed Sullivan Show."

So says Donald W. Conover, a specialist in the study of the human factor in space flight. He says all candidates for the first trip will be carefully screened to make sure they'll be able to withstand the sociological pressures of having been the first man in space.

**BABY MISSING 2 DAYS IS FOUND**

**CHARLES TOWN, W. Va.** (AP) — A 3-year-old toddler who wandered for two days and two nights through rugged, mountainous terrain, lay in a clean, white hospital bed today.

Blonde Shirley Ann Ramsburg, tired and hungry, scratched and dirty, lay beside a tree yesterday when a volunteer searcher stumbled upon her. She cried as soon as she saw him.

Dr. Donald K. McIntyre said the little girl was only suffering from exposure, and her condition was satisfactory.

Her scratches were minor. She had lost her coat, shoes and socks, and was clad only in a thin dress. Her toes were blue from the cold.

A tiny footprint in the mud along the Shenandoah River had led to fears she had drowned after wandering away from home Friday afternoon. Later, one small shoe was found. The modest house sits in the Blue Ridge Mountains between West Virginia's eastern panhandle and Virginia.

At 5 p.m. yesterday, volunteer Bill Rogers of Martinsburg came upon the grimy-faced child. It ended a ground and air search by police, firemen, National Guardsmen and more than 100 volunteers who included radio-TV personality Arthur Godfrey.

**Ag Student Will Competes For Prizes**

**HARRISBURG** (AP) — Teams of vocational agriculture students from 26 counties will compete for \$300 in prizes through special demonstrations at the State Farm Show Jan. 13 and 14.

The students include seom from vocational high schools in Dauphin, Snyder, Union, Bedford, Butler, Somerset, Washington, Crawford, Greene, Schuylkill, Mercer, Lawrence, Potter, Wyoming, McKean and Blair counties.

**CROYDON, Pa.** (AP) — Fire of undetermined origin caused heavy damage yesterday to a 22-room vacant house along the Delaware River near here.

The house, formerly part of the Duffield estate, is owned by William Noyden of Bristol Borough who was planning to convert it into an apartment building. It is located near China Hall and White Hall, two Bucks County landmarks.

**PHILADELPHIA** (AP) — A man identified by police as Tyson Peppys Meyer committed suicide yesterday by leaping 130 feet from Walnut Lane bridge in Fairmount Park.

A policeman raced toward Meyer in a futile attempt to foil the leap.

## Says Red-headed Husbands Are Best Risks For The Girls

**By HAL BOYLE**  
**NEW YORK** (AP) — Things a columnist might never know if he didn't open his mail:

That if a girl doesn't want a bald husband, her best bet is to marry a man with red hair. . . . The odds are that blond men will lose their hair first, brunets next, and redheads last.

That the U.S. Air Force has found most collisions in the air occur, not at night, but during daylight hours and within 20 miles of an airfield.

**No Red For "Red"**  
 That if you sent comic Red Skelton a red necktie for Christmas, you made a mistake. . . . He hates 'em. . . . His favorite color is gray.

That a midtown office has this sign: "Samson slew 10,000 Philistines with the jawbone of an ass. Every day as many sales are killed with the same weapon."

That the finger ring was the only article of jewelry worn by the men of ancient Rome.

That according to the Fisherman magazine, European eels have more backbone than American eels. . . . (like I've been saying for years, our eels have been having it too easy all along).

**She's Advertising**  
 That the female glowworm glows to advertise when she's in the mood for love.

That Bernard Shaw once gave this as his writing goal: "I want people to be sufficiently discontented to feel that there is something to live for."

That in the turf season just ended New York State racing fans didn't even bother to cash winning tickets totaling \$29,424. . . . So times can't be too bad.

That a fish tester for home use has been developed in England. . . . It's a colorless strip of chemically treated paper which turns red if placed on a fresh fish and purple if the fish is stale.

**Elephant Binges**  
 That elephants like to go on binges. . . . They eat great quantities of wild grapes which ferment in their stomachs and cause them to become inebriated. (What do they see then — pink men?)

That the Japanese believe one sneeze means someone is praising you, two sneezes mean you are being criticized, and three sneezes mean someone loves you.

**New Word Turns Up**  
 That along Madison Avenue the ad men have a new saying to describe the situation when the boss likes an idea: "This one must have Indian blood. The great white father didn't scalp it."

That science has come up with a

new term for Sputnik panic. . . . It's arcelodophobia, or "fear of artificial celestial bodies."

That incidentally, if you are fretting over facing the problems of a new year, you might find comfort in these words by Harriet Beecher Stowe:
